Tuition Assistance

Springwood School is approved by the Alabama Department of Revenue to partner with various Alabama Scholarship Granting Organizations (SGO). The SGO provides scholarships to eligible students as a result of the (2013) Alabama Accountability Act. For more information on applying for these scholarships, please check with the Springwood Admissions Office.

Springwood also has a need-based financial assistance program to provide financial aid to families who desire for their children to attend the School. In order to receive financial aid, a student must meet admission requirements and the family must complete a financial aid application with the most recently filed federal income tax return so that the family's adjusted gross income may be validated. Springwood uses a Financial Aid Calculator to guide decisions based upon family size and adjusted gross income. Any family may apply; however, all aid is awarded on the basis of financial need of the family, enrollment limits, and the availability of funding for the program. In the absence of extenuating circumstances, in order to receive financial aid, the total household income of the applicant family must not exceed \$95,000. Additionally, the maximum annual award will not exceed an amount equal to 85 percent of the School's published rate of tuition.
