As an International student of Springwood, I think I made a great choice to come here. I am so happy to be studying at this school. The teachers at Springwood are very kind and helpful. I was not good at speaking English and making sentences, but my teachers and friends taught me how to make my English grammar perfect. Also, Springwood has a really nice college application support system for all students. This is my second year at Springwood. I am planning to graduate this year.

Valley, Alabama is home to Southern Union State Community College and many natural environments to explore and enjoy. Lanett and our surrounding cities are filled with many local restaurants and shops, as well as beautiful recreation areas ideal for hiking, swimming, horseback riding, fishing, biking, kayaking, and running.
